WHAT SETS US APART WHO WE ARE

Our Team:

Founded in 1999, we were formerly known as B&L (until 2015). We are a family owned and operated business: classified as a Minority/Women's Business Enterprise (MBE & MWBE) and Disadvantaged Business Enterprise (DBE). We aim to create a responsive client relationship, allowing us to exceed your expectations on each project!

Paving Services

- Asphalt Paving
- Asphalt Removal
- Asphalt Resurfacing
- Asphalt Milling
- Asphalt Repair

did?
YOU
know

Did you know that 93 percent of the paved roads in the US are surfaced with asphalt? It lasts for years, is a sustainable resource, and cost effective. That makes it an ideal choice for all types of paving.

SPRAY & SQUEEGEE SEALCOATING

Protect and Beautify Your Investment

Sealcoating provides a layer of protection by blocking out water, oil, U.V. rays, and other damaging elements that break down your asphalt over time. When applied it can provide a slip resistant surface while enhancing the look of your asphalt.

The Benefits of Sealcoating

- Enhances Curb Appeal
- Slows Deterioration of asphalt
- Resist Gas and Oil Spills
- Makes Cleaning Easier
- Cost Effective

NEYRA

We offer spray and squeegee applications!

**did?
YOU
know**

We recommend every 2-3 years that a new sealcoat treatment be applied to your asphalt. Weather, traffic conditions, and sunlight exposure are factors that affect how often it needs to be done.

Routine maintenance of asphalt can extend its life expectancy to 30 years if done properly.

BEFORE

AFTER

MARKING AND STRIPING

Keep Your Parking Lot Safe, Efficient, and Beautiful

Have you expanded your business? Any recent construction services? Traffic flow problems? We can design and develop a new lot layout to maximize parking spaces & traffic flow patterns. We can update the lot to meet specific ADA requirements, getting you compliant with local, state, and federal laws.

Why is pavement marking and striping important?

- To welcome new business by providing a clean and appealing environment.
- To help manage the flow of traffic safely and efficiently.
- To meet local, state, and federal requirements for accessible parking.
- To meet national American Disability Act (ADA) code compliance.

STENCILING SERVICES

- Fire Lanes
- No Parking
- Loading
- Visitors
- Reserved
- Handicap
- Valet Parking
- Crosswalks
- Stop & Slow
- Do Not Block
- Enter/Exit
- Curb Painting

INFRARED ASPHALT REPAIR, POTHOLE PARKING LOT REPAIR

Reliable Parking Lot Maintenance

Your worn out parking lot could be costing you money. Not only is it an eye sore, it could be a liability! If you have potholes and cracks now is the time to act! Keeping your parking lot maintained can greatly extend the life of your asphalt or concrete surfaces, saving you money.

Asphalt Repair Services

- Pothole/Sinkhole Repair
- Infrared Asphalt Repair
- Water Runoff Repair
- Asphalt Resurfacing
- Asphalt Milling
- Utility Cuts

Prevent Liability Problems
Pothole damage cost drives \$6.4 billion a year.

MAJOR CAUSES OF POTHOLES

HEAVY TRAFFIC

Buses and heavy trucks damage heavily used roads, especially next to curbs.

Major trouble spots: Kapi'olani Boulevard, Pali Highway, Moanalua Road

POOR DRAINAGE

Standing water causes road deterioration.

Major trouble spot: Nimitz Highway (downtown to airport)

SALT WATER, SAND

Roads near ocean are damaged by waves washing over, ponding.

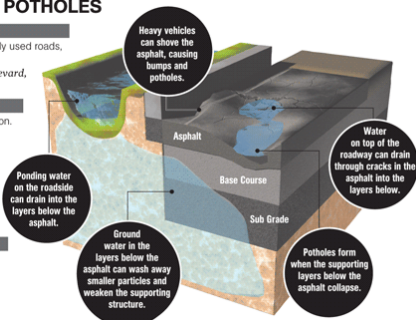

Major trouble spot: Kamehameha Highway

SURFACE CHANGES

Areas where the road shifts from one type of surface to another (concrete to asphalt).

Major trouble spot: Dillingham Boulevard near bridges

Source: City and County of Honolulu

Even severely aged asphalt will soften, when heated, to 290 degrees. Infrared heaters are able to raise the temperature of the asphalt without affecting the serviceability of the pavement. This equipment enables us to limit the downtime and interruption to your lot.

Infrared Asphalt Repair
We can now complete asphalt repair in 30 Minutes or less!
